Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Examples:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A college student preparing for exams.	Understand difficult topics and revise efficiently.	Study material is scattered and I can't get doubts cleared instantly.	Textbooks and online resources are lengthy and offer no personalized guidance.	Stressed and unconfident about exam preparation.
PS-2	A working student with limited free time.	Follow a consistent study plan and track my progress.	I often miss deadlines and don't know which topics need more practice.	No tool adapts my schedule to my pace and performance.	Overwhelmed and unmotivated to study.
